Lab Task 07: Style Manipulation

Instruction:

1. **Complete the task**
2. **After completion, push the code in the GitHub repository.**

Scenario:

You are creating a Dynamic Style Control Panel. Users should be able to modify a text block's appearance interactively using different buttons.

Steps:

• Create a paragraph of sample text.

• Add three buttons:

   ▪ Change Background Color

   ▪ Increase Font Size

   ▪ Center Text

• Each button should call a separate JS function that:

   ▪ Changes the paragraph's background color.

   ▪ Increases the font size step by step.

   ▪ Changes alignment to centered.

• Add a Reset Style button to return paragraph styles to default.
